* Retip 1/8": some brands, (like Nordent or Thompson) use 1/8" points in their handles, we don't receive the same quantity discounts on this size steel, so these retips are slightly more expensive.

Plastic handles like PDT, Eagle Lite, and Premier need to be modified to be retippable there is a one-time fee of \$3.00 per handle. Hu-Friedy plastic handles do not need to be modified and their prices are in the "Retip" column.

At PRU-DENT we make our own points and are on no way affiliated with the manufacturers listed above.
